

Sock caterpillar

You need

- Sock (that nobody wants)
- 2 buttons
- Compost or soil
- Grass seeds
- Twine or string

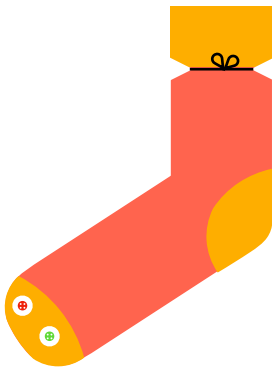

Sew two buttons onto the toe end of the sock for eyes

Fill sock with compost and a few handfuls of grass seed

Shake a bit to mix the grass seed into the compost

Tie end with twine
Place in a sunny part of the garden

Water your caterpillar
Watch your caterpillar grow hair as we go through the summer
